

## About Us

- 2006, we held the first Playing For Life Invitational Golf Tournament & Breast Cancer Fundraiser.
  - The Playing for Life Foundation is a 501c3 organization. We began our partnership with Image Reborn and Huntsman Cancer Institute.
- We joined with Image Reborn hosting a Bowling For Life event.
- We joined with The People's Health Clinic to provide 75 free breast exams & mammograms for those in need.
  - Saltz Plastic Surgery became our Presenting Sponsor.
  - We increased the number of retreats for Image Reborn and the number of free breast exams for People's Health Clinic.
  - We established a Community Outreach Program with People's Health Clinic.
  - We have raised over \$1,356,000 which has been donated to: The Huntsman Cancer Institute for breast cancer research, Image Reborn Foundation for breast cancer survivor retreats, and People's Health Clinic for free mammograms to aid in the early detection of breast cancer.
- We are an all-volunteer organization with 98% of the funds we raise being donated locally.

Thanks to our generous sponsors and donors, we have continued to support our community.

We continue to need your help, and hope that you will consider us when deciding your charitable donations in the future.

## MISSION STATEMENT

To raise funds through different platforms such as golf tournaments or other events to benefit breast cancer research for the purpose of finding a cure, early detection, survivor care, support and treatment. As this is an all-volunteer organization, 98% of funds raised are donated locally to other organizations specifically involved with breast cancer research, survivor care and early detection, which are also exempt under section 501c3.

Playing For Life Foundation is a non-profit charity under section 501c3 of the IRS Code.

Almost every one of us has a loved one, dear friend, or valued colleague whose life has been forever changed by this insidious disease.

This year, a breast cancer will be newly diagnosed every 2 minutes and a woman will die every 13 minutes.

One in eight women in The United States will receive a diagnosis of breast cancer in their lifetime. One in 883 men will develop breast cancer in their lifetime.

In 2020 in Utah, it is estimated there will be 1,780 new cases of breast cancer diagnosed and 290 deaths as a result of breast cancer.
